PROFILE

I come from fashion design: I trained in Colombia before specialising in styling and image consulting in Spain. I've spent five years working in fashion: first in fashion design in Colombia, then in runway and film, then as an agency assistant, and now independently. I've worked on editorials for Vogue Adria, GQ México, Numéro Netherlands and Pap Magazine, on campaigns for Bruno Magli, Alaniz, Agatha Paris and YSL, and on Mercedes-Benz Fashion Week Madrid shows.
