PROFILE

I come from fashion design: I trained in Colombia before specialising in styling and image consulting in Spain. I've spent five years working in fashion: first as a fashion photography editor in Colombia, then in runway and film, then as an agency assistant, and now independently. I've worked on editorials for Numéro Netherlands, Vogue Adria, GQ México and Mode Magazine, on campaigns for Bruno Magli, Alaniz, Agatha Paris and YSL, and on four Mercedes-Benz Fashion Week Madrid shows.
